Sir:

It is respectfully requested that the period for reply to the Examiner's Action mailed October 19, 2001 be reset and restarted to January 14, 2002. Delivery of the Examiner's Action was delayed after mailing.

The Law Firm at the below-given correspondence address has implemented strict procedures and controls to be followed when correspondence is received from the United States Patent and Trademark Office (PTO) so as to prevent the loss or misplacement of any and all mail received from the PTO, and which ensures that all official actions are acted upon in a timely fashion. These procedures and controls include utilizing a single, specially trained individual to open, date stamp, and match Patent Office mail with the correct corresponding file upon its receipt at the correspondence address.

No. 18-0002

As evidenced by the first of the two attached pages of the Examiner's Action, which is date stamped January 14, 2002, the date of receipt of the Examiner's Action at the correspondence address given below was January 14, 2002. Thus, since (1) this Petition is being filed within 2 weeks of the date of receipt of the Examiner's Action at said correspondence address; (2) a substantial portion of the set reply period had already elapsed on the date of receipt (at least one month); and (3) this Petition includes the necessary evidence showing the date of receipt of the PTO action at said correspondence address, together with the required statement setting forth the date of receipt of the PTO action at said correspondence address and which explains how the presented evidence establishes the date of receipt of the PTO action at said correspondence address, it is requested that this Petition be granted, and that the period for response be restarted to begin on January 14, 2002.

It is not believed that any fee is due for such a Petition. However, authorization is given to charge our deposit account number 18-0002 for any fees that may be due for such Petition.

Respectfully submitted,

January 22, 2002
